- Upon arrival, females of childbearing age are legally required to provide a **urine sample for a pregnancy test.**
- After your procedure you must not drive for the rest of the day. If you are over 75 someone must escort you home.
- **Need to cancel your procedure? Please notify our office as soon as possible. You will be charged a cancellation fee of \$250 if the procedure is not cancelled at least 2 business days before your scheduled procedure time.**

Procedure Billing Information

Appointment Details

You are scheduled for a procedure, such as a colonoscopy, upper endoscopy (EGD), or HemWell™, at one of our affiliated ambulatory endoscopy centers. Please check your NYGA patient portal to confirm the specific location, date, and time of your appointment.

Billing Details

A procedure typically involves several fees that are payable to various parties, including the endoscopy center, New York Gastroenterology Associates (NYGA), and the pathology lab. These fees include:

Fee	Charged By
Facility fee	Endoscopy center
Anesthesia fee	Endoscopy center
Professional fee	NYGA
Pathology fee (if applicable)	Pathology lab (which may be NYGA)

Out-of-Pocket Costs

Depending on your insurance, you may be responsible for out-of-pocket costs (e.g., copay, deductible, co-insurance) related to the above fees, as follows:

- **Estimated out-of-pocket facility and anesthesia fees** payable to the endoscopy center are due on the day of your appointment. You will receive an estimate* via call or text a few days before your procedure to reflect your remaining deductible and current policy details. If you do not receive a message, the estimate will be provided at check-in. The endoscopy center accepts cash, checks, and credit cards.

** Screening colonoscopies generally do not receive advance cost estimates, as they are typically fully covered by insurance. However, if the procedure is reclassified as diagnostic or surveillance based on findings, cost-sharing may apply and you could incur out-of-pocket costs that were not previously estimated.*

- **Out-of-pocket costs related to professional and pathology fees** will be determined after the facility and anesthesia fees have been applied to your deductible and communicated to you separately.
